

Curriculum Vitae

	Name (First Name / Middle Name / Last Name)	Chiao-Hsiung Chuang
	Title (Prof. Dr., etc.)	Professor
	Affiliation	National Cheng Kung University Hospital
	Country	Taiwan
	E-mail	chuang.chiaohsiung@gmail.com

Educational Background

China Medical University, Taichung, Taiwan

Professional Career

1. Chief, Section of Digestive Disease, Department of Internal Medicine, NCKU Hospital, since 2020
2. Professor, Department of Internal Medicine, College of Medicine, NCKU
3. Medical specialist, Innovation Center of Medical Device and Technology, NCKU Hospital, 2013-16
4. Attending Physician, Section of Digestive Disease, Department of Internal Medicine, College of Medicine, NCKU

Research Field

Inflammatory bowel disease, microbiota, innovative endoscopic biomaterial, etc.

Main Scientific Publications (selected)

1. Liu TL, Lin CH, ...Chuang CH*. Relationship between rectal swab and tissue samples in the analysis of mucosa-associated microbiota in patients with inflammatory bowel disease. Inflammatory Bowel Disease 2024 Mar 1;30(3):447
2. Chen NY, Chuang CH*, Chang YC, et al. Suboptimal Outcomes and Retreatment Rate of Patients With Crohn's Disease After Forced Discontinuation of Biologics: A Nationwide Population-Based Study. Clin Pharmacol Ther. 2023 Oct;114(4):914. (*co-first author)
3. Chiang HC, Chen PJ, ...Chuang CH*. Precise application of topical tranexamic acid to enhance endoscopic hemostasis for peptic ulcer bleeding: a randomized controlled study (with video). Gastrointest Endosc. 2023 Nov;98(5):755
4. Kang JW, Cheng PJ, ...Chuang CH*. Development of a Hybrid Hydrogel for Submucosal Injection in Endoscopic Resection of Gastrointestinal Neoplasm: from Laboratory to Clinical Trial. Endosc Int Open 2023;11:E1026
5. Real-time visualization of the gastrointestinal tract during nasogastric tube placement: Pilot study of new video-Assisted system. Endosc Int Open 2025; 13: a24947454.
6. Chiang HC, Chen PJ, ...Chuang CH*. Clinical Trial: Precise Administration of Sucralfate Powder in Prevention of Delayed Postpolypectomy Bleeding. A Randomized Controlled Trial. Clin Transl Gastroenterol. 2025;16(4):e00818
